1	The reason for the continuance of the establishment in the Excise Comr's office does not seem to be quite convincing. It may be necessary to know the number of illicit distillation cases detected by them, how far other crimes are minimised & how far the consumption & revenue have increased. It has however to be inferred from the Excise Comr's statement that the work this establishment has done cannot be gauged by facts & figures of the kind referred to. It is stated that their very presence is the means of preventing offences.
2	The Excise Comr also proposes to reduce the strength of the menial staff from 6 to 5 and distribute the savings effected to the other members of the staff.
3	It is not known when the period of the previous sanction terminates.

that the continuance of the establishment referred to is being sanctioned from year to year. The Dy Comr - whose opinion is quoted and approved by the Sp Comr - believes that this establishment has proved a sort of passive deterrent as regards offences, and that it has besides prevented smuggling and detected crime. It wd perhaps be interesting to have statistics of Spce offences both before the sanction of the establishment and after, for purposes of comparison, and a statement shewing the number of detected cases.

5 It is noteworthy that the establishment has been kept on in anticipation of sanction, on the strength of the necessary provision having been made in the budget.

SIR,

I have the honor to state that the Frontier Patrol Party sanctioned in Government Order No. Fl.2953-4/S.R.94-08 dated 7th January 1909, for the Kolar Gold Fields was continued to be entertained for the year 1909-10, as per Government Order No. Fl.3048-9/S.R. 116-09-2 dated 27th December 1909. The Deputy Commissioner recommends that the staff may be continued for the year 1910-11 in as much as their very presence is the means of preventing offences besides doing useful work in securing information pointing to illicit distillation and the smuggling of ganja, and further proposes that in view of the pay given to the peons being insufficient their pay may be enhanced.

2. I fully concur with the Deputy Commissioner and recommend the continuance of the establishment and raising the pay of the - - men by reducing the number by one as per marginally noted scale. As this proposal involves no extra cost . I request you will kindly obtain early orders of Government in the matter.
